Warden Williams,

Inmate Fisher was reviewed today. Please provide further information utilizing the example memo attached. Additionally, while the inmate is requesting gender affirming surgery the institution must first request a lesser security or gender affirming transfer before surgery can be considered. To review her for such a transfer, we need more information on her.

Please feel free to contact me if you have any questions and I look forward to your response. Once received, I will add her back to the TEC agenda.

Thanks again,
Jenna
